Home Learning Project	Date Set: 20 th November 2015	Date Due: 4 th December 2015
	<p>Our new topic is 'How does Usain Bolt move so fast'. A big part of an athlete's life is the food that they eat. For your home learning project for this topic please research and create a meal for Usain Bolt to eat while he is training for his next big race.</p> <p>You may present this learning in any way that you choose but you might draw the plate with food, create a leaflet, make a poster or create a menu.</p> <p>Use these questions to help you with your project: What sorts of foods would an athlete need to eat to stay healthy? Are there foods that should be eaten less than others? What are the different types of food i.e. food groups? How much of each type of food should Usain be eating?</p>	
Greek	<p>Please go to Greek Class Blog for Greek Home Learning</p> <p>Greek Class - St Cyprian's Greek Orthodox Primary Academy</p>
