

# WHO WERE THE PHARAOKHS, AND WHY WERE THEY VERY IMPORTANT?

*As part of our learning of Ancient Egypt, you have been assigned a special project... There are two steps to complete this project!*

## Step 1)

**Your task is to research Pharaohs from Ancient Egypt, creating a fact file which answers the following questions:**

- Who are they? Why were they important?
- Why were headdresses worn?
- Was a particular design used for different occasions or to specify status?

**Here is a head start to your research:**

During Ancient Egypt, there used to be different types of crowns worn by Pharaohs/Gods/Goddesses. For example, the red crown or Desjret was the symbol of Lower-Egypt, the white crown or Hadjet as the symbol of Upper-Egypt.

## Step 2)

**Your task is to design and create your own headdress fit for a Pharaoh (of your choice!)**

**Your headdress will be used as part of our very own Egyptian Fashion Show!**

**In order to successfully complete this task, you must think carefully about:**

- What materials could you use to make your headdress?
- Why are the materials suitable?

You have 2 weeks to complete this home learning project so please do not rush! Take your time, so we have your best effort. **If you need any help with this project, please let us know before the due date – not at the last minute! Due date: 11/12/15**
