FOR IMMEDIATE ACTIONS – SEE PAGE 8

INTRODUCTION AND PURPOSE

This plan is prepared by St Cyprian's Greek Orthodox Academy should the need arise to implement strong action as a result of a serious and disruptive incident occurring within the school. The response required will differ, depending on incident type, but this plan will be implemented if the incident disrupts key service delivery and/or is likely to be reported to appropriate authorities e.g. the police.

The purpose of this plan is to set out procedures which will be followed in order to ensure a timely and coordinated response by senior staff at St Cyprian's to serious incidents and urgent situations involving staff, students, contractors and/or visitors to the school.

The plan is intended to be set in motion whenever a natural or man-made crisis affecting the school reaches proportions that cannot be handled by means of normal procedures.

The plan is intended to be sufficiently flexible to accommodate contingencies of all types, magnitudes and duration.

School Profile

The School provides education for up to 460 students aged between 5 and 11.

The school's aim:

'St Cyprian's Greek Orthodox Primary Academy provide it's children with primary education of the highest quality in a supportive learning environment through the National Curriculum in the core subjects, enriched by the progressive teaching of the Greek language and Christian religion.'

WHAT IS AN INCIDENT?

This document provides guidance for teachers and other staff who may be involved in an incident, which can be defined as an event which;

- Causes significant **disruption of the business** of the school; or
- Causes serious **physical or environmental damage** to the buildings of the school or their surroundings; or
- Causes or threatens **death, serious injury or psychological damage** to a member of staff or student of the school; or
- Poses a serious threat to the **school's public image**.

Examples of an incident would include: a serious fire; a leak or spillage of hazardous material; a terrorist incident or criminal activity; a firearms incident; a flood or other natural disaster. Things such as staff absence, loss of IT or utility could also mean significant disruption to school business.

Terms such as 'critical' and 'major' incident are often used by the emergency services, and are classifications that relate to the type and size of an incident. This plan can be invoked for such termed incidents, but also, similarly unclassified disruptive incidents such as extended severe weather (e.g. snow) or a pandemic.

This plan can be applied to disruptive incidents that occur within or outside of the school site (i.e. school trips). For off-site incidents, the School Incident Management Team (SIMT)- Note1 should adapt the action checklists appropriately depending on the nature and scale of the incident. ;

This plan will guide the reader on how to respond to an incident, impacting school operations and its extended community. The response may also involve significant public and/or media attention.

Incident response should be led by senior school leaders, who will come together as the SIMT and act as an overarching strategic body to ensure appropriate action is taken to minimise impacts and the return to normality is as swift as possible.

Any emergency affecting a school may afterwards be the subject of a detailed inquiry. It is important that accurate written records are kept, and that no piece of information about the response to the incident is lost.

INVOKING THE PLAN – WHEN TO USE IT

Consideration to invoke this plan should be given upon the occurrence of any of the incident types outlined on page 5. This may result in service failure and the inability to deliver the key activities in the school as listed below:

- Unable to deliver Key stages 1 & 2 education to students
- Inability to provide before/after school care
- Loss of internal services i.e. gas/water/sanitation/heating
- Internal & external school catering service unable to deliver
- IT failure and loss of administration functions

There may be other instances, not listed, that would encourage / require the need for this plan to be invoked. The following section provides some key questions to support decision making.

All critical incidents

Any member of staff who becomes aware of a major incident which may impact upon the school should immediately inform a member of the SIMT, either in person or by telephone. Members of staff will be reminded of the school's Emergency Contact Numbers (including those of the SIMT) on a termly basis. Details are kept in the school office.

The named SIMT are:

- Head teacher
- Deputy head teacher
- Assistant head teacher
- Office Manager
- Site Manager
- Business Manager

-

Authority to invoke this plan

The school will nominate the Head Teacher or in their absence the Deputy Head Teacher, Assistant Head Teacher or senior teacher in charge who will have authority to declare an emergency and invoke this plan. The HT or their nominee will notify the Chair of the Board of Governors should the plan be invoked.

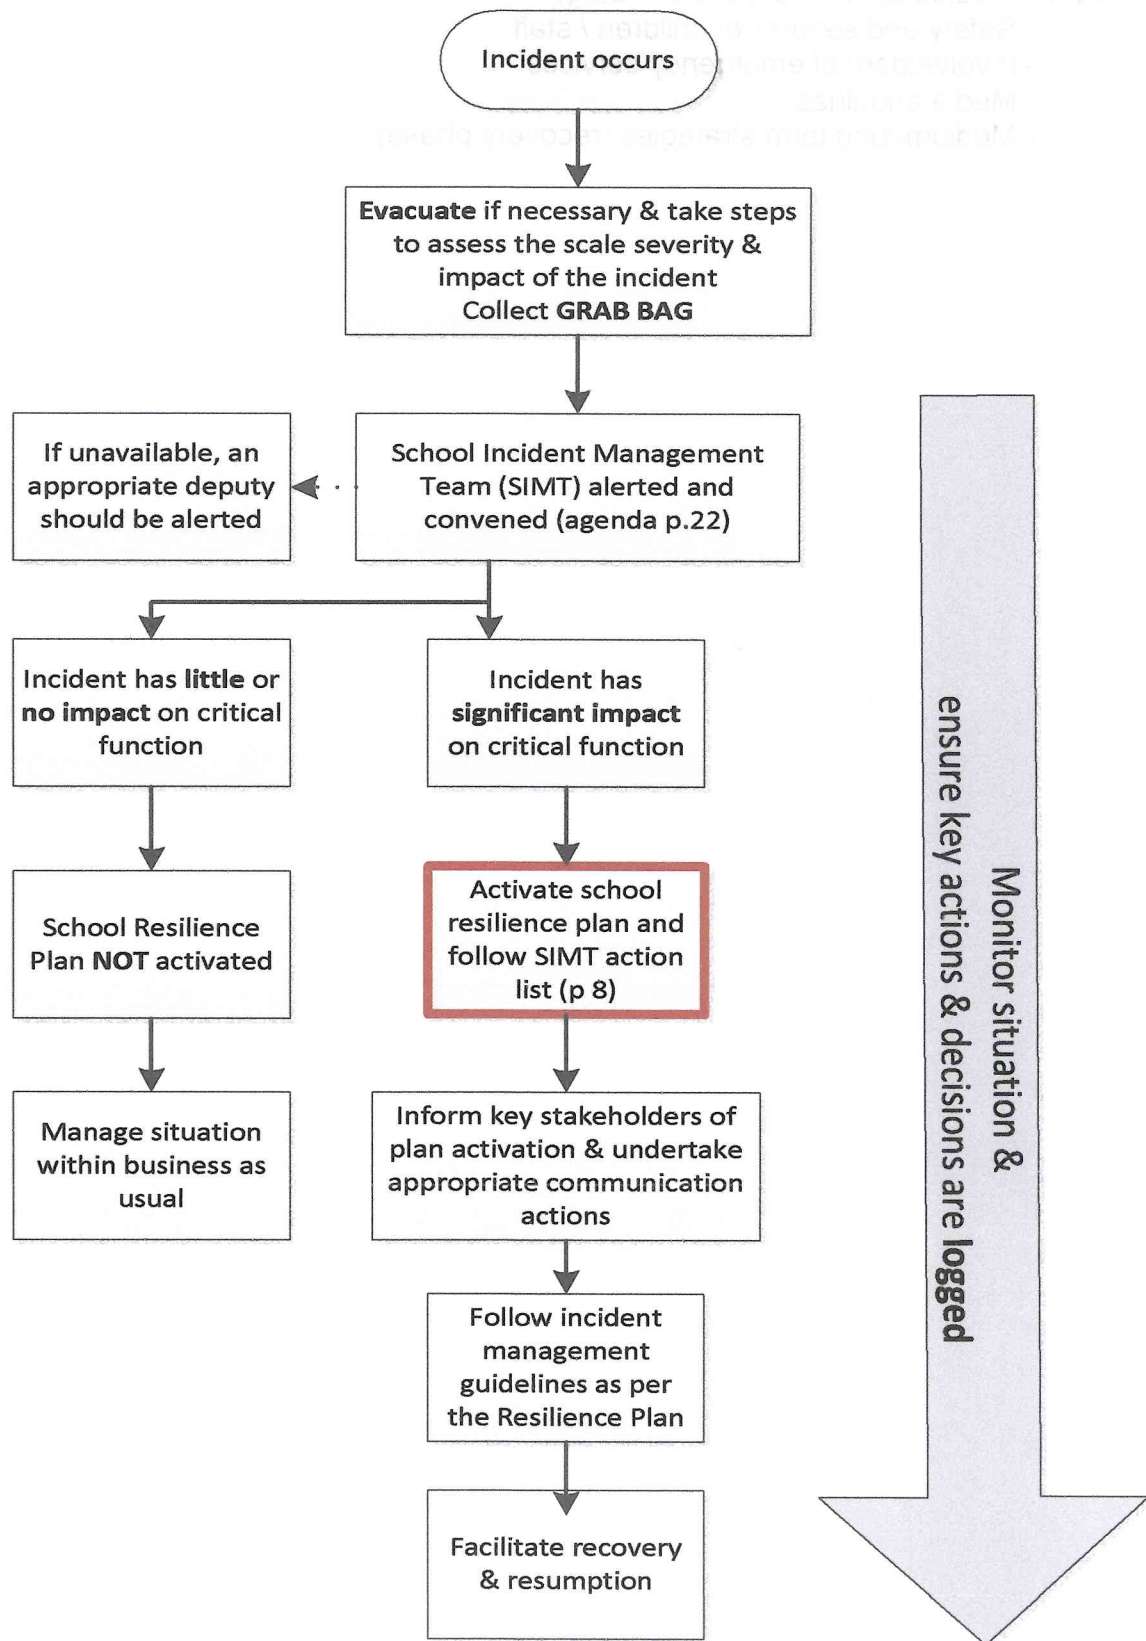

Key questions to determine whether to invoke the plan:

1. Has the incident disrupted day-to-day functioning of the school?
 - will the disruption last a few hours? 1 day? 1 week? More than 1 week?

2. Does the incident require the meeting of the School Incident Management Team to decide upon a response strategy?

- Safety and security of children / staff
- Involvement of emergency services
- Media enquiries
- Medium-long term strategies (recovery phase)

INVOCATION PROCESS FLOW CHART

IMMEDIATE ACTIONS CHECKLIST

Advice for nominated spokesperson

- **Stick to the facts**
Do not give any fact unless you are certain it is correct.
- **Be sympathetic**
"Our thoughts are with etc"
- **Do not speculate or apportion blame**
Your interpretation or understanding may be exaggerated or quoted as hard fact.
- **Do not allow yourself to be distracted from the main point of any statement**
- **Try to avoid "no comment"** - unless the question relates to legal/criminal matters. It can be taken as an unhelpful, negative answer as in "refused to comment".
- **Do not be afraid to say "I don't know"**
Try to obtain an answer for a later response.
- **Tell the truth**
- **Have confidence in yourself and your command of the situation in order to take a positive attitude towards the media**

Questions that will need answering

- What happened, when and where?
- Are there any injuries or fatalities?
- How many pupils/staff were present when the incident happened?
- Has everyone been accounted for?
- What action is being taken?
- What advice do you have for next of kin/local residents?
- When will normality be restored?
