

HOME LEARNING PROJECT – YEAR 5

OLYMPIC GAMES

Hand in date - 24/6/16

LEARNING: to understand the importance of the Olympic Games.

In history, the children have been learning about The 1936 Berlin Olympic Games. We have focused on comparing modern day Olympics to the 1936 Olympic Games, looking at significant figures during 1936, the mood and atmosphere from that particular time and the political issues regarding the games.

In our Literacy topic on persuasive writing, the children have developed their persuasive language skills and used these skills to create verbal adverts and posters.

For your home learning project, we would like you to design and build your own 3D 'Spethica (Spetses and Ithaca)' Olympic Stadium and create a persuasive newspaper report to invite people to the games! **Please complete your report in your Home Learning books.**

You must include:

- *Your own choice of Olympic events for your 'Spethica' Olympics.*
- *A newspaper report to encourage people to come and take part in your Olympic Games. Don't forget to include the importance of the Olympic Games!*

You could:

- *Use a shoebox or have your design a cardboard base.*

← Here is a suggestion of an event for the 2012 games, but remember your event should be based on your own design for 'Spethica' grounds ☺

You have 2 weeks to complete this home learning project so please do not rush! Take your time, so we have your best effort. **If you need any help with this project, please let us know, but do not leave it to the last minute!**

"We are looking forward to seeing your creations!" Miss Anastasiou and Miss Malik.
