

## Year 1 Home Learning

Learning: to research your class island (Corfu or Cyprus).

Your task is to use the internet and the library to research facts and information about your class island.

Try to find information about the island's weather, the types of food the people eat there, and why tourists should visit the island. You can make a poster, or create a plate of their food using a paper plate, or be creative and show your learning in another way.

Please try to put the information into your own words, and not directly copy from books or the internet.

We look forward to seeing your completed projects. Good luck!

Your Home Learning is due on Monday 10<sup>th</sup> October 2016. If you need any help, please come and see us!
