

# VotesforSchools: A Home Learning How-To Guide

First of all, please don't worry. You are not alone and there are ways to get help. Here are some ideas to help you with home learning.

Will I have to do lots of work on my own?

No way! Here's what "home learning" really means:

- ✓ **Thinking** for yourself
- ✓ **Planning** your work
- ✓ **Looking things up** independently

Here are **some things home learning can help with:**

✓ Being **responsible** for your own learning

✓ Helping you feel **interested & excited** about learning

✓ Showing you **different way of learning** that suit you

✓ Giving you a chance to be super **organised!**

These will be useful when you go back to school, too!

## Our 5 Golden Rules

- ✓ **Try to do the work that you think is most important** first – maybe you've had it for the longest or it's a topic you find tricky.
- ✓ **Read instructions carefully** (or ask someone to help explain them to you) so that you know exactly what to do!
- ✓ **Don't give up!** Keep trying and make sure you learn in ways that are best for you.
- ✓ **Ask for help** from someone at home (like a brother or sister) if you need it, and **offer help to others** too.
- ✓ If you are stuck for ideas, **discuss** with friends or others at home. You could even **Skype or FaceTime with them** so it feels a bit like being back at school...

Got any other ideas? Be sure to share these with your friends & classmates!
