YEAR 4 HOME LEARNING - Ithaca

Date Set	06.11.26
Date Due	11.11.26
Maths	In maths we have been subtracting 4 digit numbers with no exchange, one exchange and more than one exchange.
Spellings	Words ending'-ly' https://www.edshed.com/en-gb/spellingshed Year 4 sadly completely wildly bravely gently foolishly proudly horribly nervously happily
Writing Task	The Adventures of Water Droplet Wendy Imagine you are a tiny water droplet called Wendy. Write a story explaining your journey as you change from a solid, to a liquid, and then to a gas. You could include: • Where your journey begins (a freezer, iceberg, mountain, etc.) • How you feel as you warm up and melt • What happens when you become liquid water • How you change into water vapour

- Where the wind takes you
- What happens when you cool down again

Success Criteria ✅

- I can use paragraphs.
- I can explain at least two changes of state.
- I can use scientific vocabulary correctly.
- I can include interesting adjectives and sentence openers.
- I can check my spelling and punctuation.

Helpful Vocabulary

Solid
Liquid
Gas
Particles
Melt
Freeze
Evaporate
Condense
Water vapour
Temperature

Sentence Starters

- At first, I was a frozen block of ice...
- As the temperature increased...
- Soon, I began to melt because...
- Before long, I had turned into...
- The sun warmed me until...
- Eventually, I evaporated and...
- When the air became cooler...

Challenge ⭐

Can you include all four scientific processes?

- Melting
- Freezing
- Evaporation

	• Condensation Remember: Although this is a story, your science facts must be accurate! Aim to write at least one page and include as much scientific vocabulary as possible. 🧊 💧 ☁️
Reading 	Recommended daily reading time: KS2 40 minutes.
